Important Notice

MageWorx reserves the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to MageWorx' terms and conditions of sale supplied at the time of order acknowledgment.

MageWorx warrants performance of its products to the specifications applicable at the time of sale in accordance with MageWorx' standard warranty. Testing and other quality control techniques are used to the extent MageWorx deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

MageWorx assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using MageWorx components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

MageWorx does not warrant or represent that any license, either express or implied, is granted under any MageWorx patent right, copyright, mask work right, or other MageWorx intellectual property rights relating to any combination, machine, or process in which MageWorx products or services are used. Information published by MageWorx regarding third-party products or services does not constitute a license from MageWorx to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from MageWorx under the patents or other intellectual property of MageWorx.

Resale of MageWorx products or services with statements different from or beyond the parameters stated by MageWorx for that product or service voids all express and any implied warranties for the associated MageWorx product or service and is an unfair and deceptive business practice. MageWorx is not responsible or liable for any such statements.

All company and brand products and service names are trademarks or registered trademarks of their respective holders.

Extension Description

Custom Price Magento extension allows creating products editable by customers either from the product page or cart page.

It gives the possibility to create donation product or run marketing campaigns when anyone can purchase product for the price they can pay. Minimum price is supported.

Extension Installation

- 1 Log out from Magento Admin panel if you are logged in
- 2 Unpack the contents of the 'extension' folder from the package file purchased from MageWorx to your Magento root folder
- 3 Log into Magento Admin Panel
- 4 If Cache Control is enabled in Magento go to 'System > Cache Management' section, select 'Refresh' under 'All Cache' drop-down menu and press 'Save Cache Settings'
- 5 Now go to 'System > Configuration > MageWorx tab > Extensions & Support' section. If you see 'Custom Price' in the list of installed MageWorx extensions you are done.

Extension Usage

- 1 First, log into Magento Admin panel and go to 'System > Configuration > MageWorx tab > Catalog > Custom Price' section to configure the extension

Catalog

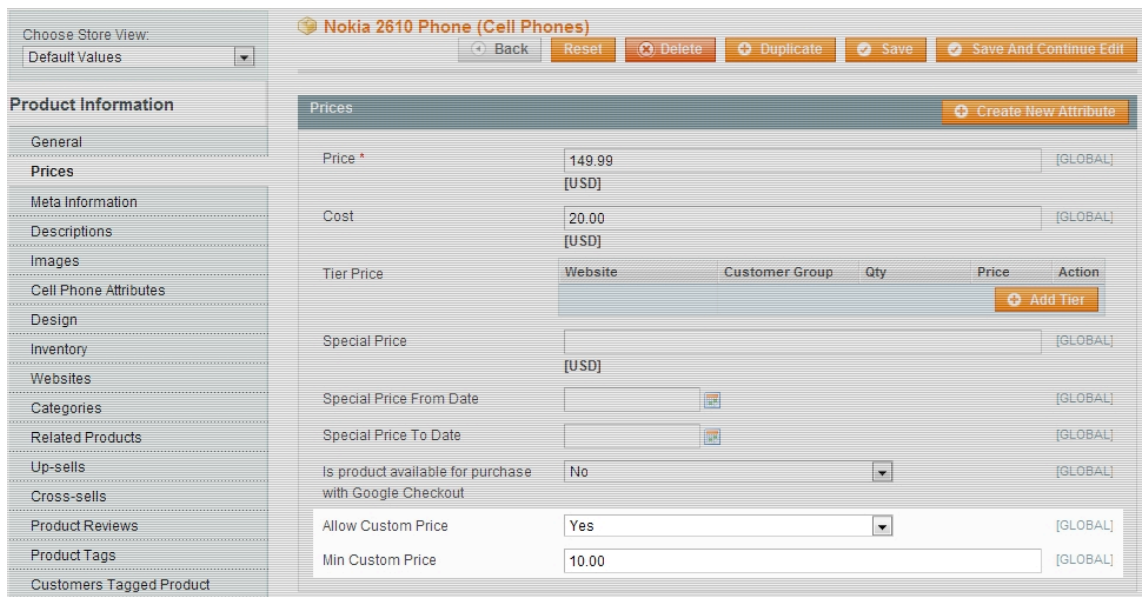

The screenshot shows the 'Custom Price' configuration page in the Magento Admin panel. It features two main settings:

- Allow Product Custom Price:** A dropdown menu currently set to 'No'. Below it, there is a small triangle icon and the text 'Global for all products'. To the right of the dropdown is a '[STORE VIEW]' link.
- Default Min Custom Price:** An empty text input field. Below it, there is a small triangle icon and the text 'Global for all products'. To the right of the input field is a '[STORE VIEW]' link.

Allow Product Custom Price - enables/disables custom price for all products. If it is set to "Yes" you can setup this for each product later.

Default Min Custom Price - specifies minimum allowed price entered by customers (Global setting. It can be changed for each file separately).

- 2 Go to 'Catalog > Edit any product > Price tab' to manage custom price per product level.

Here you can specify whether customer price will be available for particular product. You can specify minimum price for the product as well.

You can see the screenshot below how the product with custom price looks:

Product Page

Cart Page

Shopping Cart			Proceed to Checkout		
	Product Name	Unit Price	Qty	Subtotal	
	Nokia 2610 Phone	\$ 50	2	\$100.00	
	BlackBerry 8100 Pearl	\$349.99	1	\$349.99	
Continue Shopping			Update Shopping Cart
